

THE NEXT BIG THING IN SMALL ICE MACHINES

At Ice-O-Matic, we know that businesses come in all shapes and sizes. So for those with smaller workspaces, we're proud to introduce our newest addition to the Ice-O-Matic family - The HIS line.

Our HIS series has been specially designed to save space, while still providing you with the crystal-clear, Full size Ice-O-Matic cubes you love. These small yet scrappy machines fit perfectly beneath counters in small bars, spas, and office buildings. With capacities of 60, 80 and 100 pounds of ice per day, these machines are available in both 50Hz and 60Hz for global use.

The HIS series harnesses the power of a horizontal evaporator plate to meet your demanding need for ice, while producing a clear, well-formed cube of art. And, thanks to a durable evaporator plate made from electroless nickel, the HIS line ensures reliability over time.

No matter the size of your business, trust Ice-O-Matic to keep drinks cold and customers satisfied. Trust the HIS line.

ICE.

That's all we do

Manufacturing ice machines in Denver, Colorado, since 1952, Ice-O-Matic has worked tirelessly to simplify, enhance and perfect the way ice is made. Since ice machines are the only thing we do, you'll find we offer the best in the business. Our machines are simple to operate, offer a lower cost of ownership than our competitors, and incorporate simple but thoughtful features—and that's by design. Additionally, Ice-O-Matic boasts many industry-leading features that make a real difference to you every day.

PURE.

Antimicrobial

Our innovative, food-safe AgION® antimicrobial compound is permanently integrated into essential food-zone areas. This innovation safeguards the sanitation of the ice-making system.

Water filtration

We offer the highest-quality water-filtration program to enhance the purity of the ice, eliminating unwanted taste and odor, which are common problems with unfiltered ice machines.

SIMPLE.

Practical design

Ice-O-Matic ice makers are designed for simplicity with features such as our easy-access cabinet, easy-to-clean ice-making system and simple electromechanical controls.

Long-lasting performance

Our ice machines are designed for unparalleled ease of operation, maintenance and service, with quick and easy diagnosis. And the same goes for our accessories.

Quality and reliability

Ice-O-Matic ice machines are highly dependable and constructed with a stainless steel chassis, durable stainless finish and other precision parts. Our machines boast proven reliability and are backed by the longest warranties in the industry.

Easy to do business with

We know time is money, and getting it right the first time is essential. That's why we strive to always recommend and install the right machine for the job.
